

VIVREAU ViTap

A stylish dispenser for chilled sparkling and hot water

The BRITA VIVREAU ViTap is a stylish, convenient multi-functional commercial water dispenser. It is ideal for offices, kitchenettes, conference and dining rooms. With various combinations of filtered chilled, sparkling and hot water there is an option to suit every environment.

The BRITA VIVREAU ViTap is a space-saving solution: only the tap with drip tray is installed on the work surface. The cooler-carbonator unit and boiler are stored out of sight in the base cabinet. Furthermore, the BRITA VIVREAU ViTap dispenser features proven BRITA filtration technology - for excellent, great-tasting water at all times.

 Opt for clean.
Opt for green.

At BRITA we have always cared about the environment. Our philosophy is to provide the best quality water from the most local source, eliminating the need for costly and polluting transportation and packaging. The installation of a BRITA water dispenser has an immediate positive impact on your ecological footprint.

A choice of models

Not only are four combinations of water types available – users can also opt for BRITA VIVREAU ViTap Plus. This additional height option makes it easier to fill tall bottles and prevents spills.

Corresponding accessories

BRITA Wave bottles are the perfect match for the BRITA VIVREAU ViTap. They are available in glass or fracture-resistant, high-quality BPA-free plastic, and are ideal for employees and guests alike. The bottles can be customised, e.g. with a company logo, to raise brand awareness.
